EXPERIENCE

Art of Where, Montreal QC — Seamstress

2021 - 2022

Worked on a team with multiple seamstresses to manage workload and maximize quality & output for the production house.

Covu Brand Clothing, Montreal QC — Founder & Designer

2018 - 2022

Design and create pieces of clothing for sale through social media. Starting with a design idea, I used photoshop to help me create a moodboard for my ideas and illustrator to design the clothing. In Addition I designed and created my website.

Global Step, Montreal QC — Game Tester

2015 - 2019

Collaborate with team members, developers to discover bugs, find clear reproduction steps and enter the information in a concise manner into the database. Regress old bugs in the project database to make sure they no longer occur. Assignments included working with Ubisoft.

PROJECTS

Just The Scraps — Free marketplace

Repo: <https://github.com/NathalieSurman/Just-The-Scraps>

Free marketplace for fashion designers or people who love to sew but don't know what to do with their extra fabrics to donate these fabrics back to the community.
